

Faces of China, 2006, Jeremy Vernon, 0955440912, 9780955440915, Literally Publishing, 2006

Faces of China is an intriguing collection of the author's experiences and perceptions garnered during his long time spent in this beautiful and developing country. Finding the Chinese to be (usually) warm and gracious, the author conveys several stories regarding his experiences while also offering cogent advice as to how to behave as a visitor. The book follows a brisk tempo that should maintain the reader's interest throughout. The author's appreciation and extensive knowledge of China is apparent from the earliest passages of this book and the inclusion of quite a few humorous illustrations could be found to augment the overall enjoyment value of this offering. Jeremy Vernon's ability to share his extraordinary exploits in an entertaining and educational manner will further enhance the appeal of this book
